Welcome to R&D Catering Banquet Facility. From anniversaries to weddings, graduations to memorials, seminars to company parties, let us be the site for your next gathering. With three rooms available and capacities from 25 to 450, we'll provide the right fit and always deliver on the quality you expect.

History of the Banquet Facility

Randy and Debbie Calleja started R&D Catering in 1981 as a small business of catering in the New Richmond area. As the business grew, the area expanded. It was always a goal of the Calleja's to someday open their very own banquet facility and restaurant. In the Fall of 2006, that dream became a reality with the opening of the 8000 square foot facility.
